Technologies

Expert in Microsoft SharePoint & Power Platform Solutions

WELCOME TO OUR COMPANY

TSinfo Technologies is a leading Microsoft SharePoint and Power Platform consulting and development firm dedicated to helping organizations of all sizes unlock their full digital potential. Whether you're a startup looking to streamline operations, a mid-sized company seeking scalable solutions, or an enterprise requiring complex system integration, we deliver tailored Power Platform solutions that drive measurable business results.

OUR EXPERTISE

As a team with MVP leadership, TSinfo Technologies specializes in the complete Microsoft Power Platform ecosystem—Power Apps, Power Automate, Power BI, Power Pages and Copilot Studio. Our team of certified experts combines deep technical knowledge with real-world business acumen to transform how organizations work, automate processes, and make data-driven decisions.

With over 50 successfully delivered projects and a 98% client satisfaction rate, we've proven our ability to tackle challenges across all industries and solution types. From building custom business applications without traditional coding to automating complex workflows and creating interactive data visualizations, we turn Microsoft Power Platform into your competitive advantage.

TSINFO TECHNOLOGIES

TECHNOLOGY STACKS

We specialize in modern Microsoft technologies including Microsoft 365, SharePoint, Power Platform, SPFx, and Azure to deliver secure, scalable, and future-ready business solutions.

WHAT WE DO

🧩 **SharePoint Implementation:** Design and deploy collaborative intranet portals and document management systems that enhance team collaboration and information governance

🛠️ **Custom Application Development:** Build powerful, scalable business applications tailored to your unique processes and requirements

🔄 **Process Automation:** Eliminate manual tasks and streamline workflows to boost productivity and reduce operational costs

📊 **Data Analytics & Business Intelligence:** Transform raw data into actionable insights with compelling Power BI dashboards and reports

🔗 **System Integration:** Connect your existing systems and applications for seamless data flow and unified operations

🎓 **Training & Enablement:** Empower your teams to leverage Power Platform capabilities independently

🧭 **Strategic Consulting:** Guide your digital transformation journey with expert advice and implementation roadmaps
